

REMARKS

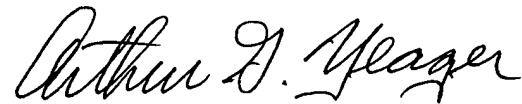

1-7. Claims 5, 13, and 25 have been amended to clarify the language thereof regarding the terms "said electrodes" to make the language definite.

8. Claims 2, 3, 4, 10, 11, 22, 23, 24, 30 and 31 have been amended to cancel "more effectively" to make the claims more definite. Claim 4, while not being identified by the Examiner as being indefinite, has been amended to be consistent with these other claims.

9-11. It is believed that claims 1-32, currently amended are believed to be patentable and as being definite under 35 USC 112, second paragraph.

A telephone interview is requested to resolve any remaining issue.

Respectfully submitted,
